20 August 1973

25X1 MEMORANDUM FOR: SUBJECT: Terminal Access by DIA to CIRIS Data 1. You and notified me that the Management Committee has approved the request originated by DIA Collection Directoral for direct access to DOD information in the computerized data base maintained by us on CIA computers in the CIA Headquarters Building.' 2. I understand from this that the Management Committee is indicating that they accept the theoretical slight risk of spillage, but that they approve this terminal in a DIA building subject to the normal physical security provisions and subject to DIA paying for it. 3. I passed this word on to today by phone, and he expressed satisfaction at this development. This week he is playing a key role in the completion of the Peripheral Reconnaissance study in the Pentagon, and he suggested that we get together as soon as practicable next seek to discuss the next steps to take jointly. At that time, I will	
25X1 1. You and notified me that the Management Committee has approved the request originated by DIA Collection Directors for direct access to DOD information in the computerized data base maintained by us on CIA computers in the CIA Headquarters Building.' 2. I understand from this that the Management Committee is indicating that they accept the theoretical slight risk of spillage, but that they approve this terminal in a DIA building subject to the normal physical security provisions and subject to DIA paying for it. 3. I passed this word on to today by phone, and he expressed satisfaction at this development. This week he is playing a key role in the completion of the Peripheral Reconnaissance study in the Pentagon, and he suggested that we get together as soon as practicable	,
approved the request originated by DIA Collection Directoral for direct access to DOD information in the computerized data base maintained by us on CIA computers in the CIA Headquarters Building.' 2.
